Media Pointer 100

Smart 2.4GHz Presenter

The brand new Media Pointer 100 from Genius is the best tool to use when you give a presentation. The advanced 2.4G wireless technology gives you up to 10 meters working distance without any interference. It's a handy-tool for a meeting, speech, teaching or training when you're on a business trip. With the user-friendly design, Media Pointer 100 allows you to control your presentation efficiently with page up/page down buttons; switching full screen and blank screen by just a click. Use the laser beam button to highlight your presentation. For more information, contact your salesperson about the Media Pointer 100.

Key features:

- 2.4GHz presenter works up to 10 meters without interference.
- Pico receiver can be stored inside the presenter.
- User-friendly design, no need to learn, just point and go.
